

THE UNIVERSITY OF RHODE ISLAND FOUNDATION & ALUMNI ENGAGEMENT

IT Manager

University of Rhode Island Foundation & Alumni Engagement (URIFAE)

Overview

The University of Rhode Island Foundation & Alumni Engagement (URIFAE) is seeking an experienced and innovative IT professional to join our team as the IT manager. This role is essential in fortifying and optimizing our server infrastructure, enhancing cybersecurity, and driving technological innovation to support our mission.

As our IT manager, you will be pivotal in managing our IT ecosystem, including Windows and Linux servers and cloud platforms such as AWS and Azure. Your responsibilities will include leading IT projects, enhancing cybersecurity, and adopting new technologies to ensure seamless operations and drive excellence.

URIFAE is an independent nonprofit organization that is affiliated with the University of Rhode Island (URI). It secures and manages contributions from alumni, parents, corporations, foundations, and friends on behalf of URI, engages alumni through programming and communication, and establishes collaborative relationships with companies to encourage access to University resources.

Responsibilities

- Manage the URIFAE IT ecosystem, including Windows and Linux servers, and cloud platforms such as AWS and Azure.
- Lead IT projects from conception to completion, ensuring successful upgrades and migrations.
- Drive the adoption of new technologies and tools, keeping our operations at the forefront of the industry.
- Implement robust IT policies and security measures to protect our systems and data.
- Resolve server issues promptly, minimizing downtime and ensuring seamless operations.
- Mentor and lead a team of IT professionals, fostering their growth and development.
- Oversee IT budgets, ensuring cost-effective solutions.
- Work with senior management to align IT strategies with business goals; work with departments within URIFAE to ensure IT needs are adequately met; and work with URI's IT staff to ensure consistency across campus systems.

Qualifications

- Strong expertise in Windows and Linux server administration.
- Experience with active directory, security protocols, and cloud computing (preferably AWS, Azure, or Google Cloud).
- Keen on adopting the latest IT breakthroughs.
- Excellent troubleshooting abilities.
- Effective communication and teamwork skills.

Education/Experience:

- Bachelor's degree in computer science or a related field.
- Five years of IT management experience preferred.

If you do not fit all these qualifications, education, or experience but believe you are still a great fit, feel free to apply and tell us why in your cover letter.

Salary range: \$75,000 to \$90,000, negotiable based on experience.

Join the URIFAE team!

Join our growing team of advancement and engagement professionals. We offer competitive benefits, including medical, dental, and vision, generous paid time off and retirement savings programs. One benefit that URIFAE does not participate in is the University of Rhode Island tuition waiver program.

We provide continuous learning opportunities to stay ahead in the tech field. We are pleased to offer a hybrid schedule for this position, three days in the office, and two days working remotely. One of the remote days will be either a Monday or Friday.

URIFAE provides equal employment and advancement opportunities to all individuals, and all employment decisions are based on merit, qualifications, and abilities. URIFAE does not discriminate in employment opportunities or practices based on race, color, religion, sex, national origin, age, disability, or any other characteristic protected by law.

Send your resume and cover letter to URIFAE-hr@etal.uri.edu. For any inquiries, contact Wendy Bucci, COO, at wbucci@uri.edu or 401.874.2139.
