## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of The University of Rhode Island Foundation & Alumni Engagement:

## **Opinion**

We have audited the accompanying financial statements of The University of Rhode Island Foundation & Alumni Engagement (a not-for-profit organization) (a component unit of the University of Rhode Island) (the Organization), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The University of Rhode Island Foundation & Alumni Engagement as of June 30, 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- · Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the Organization's internal control. Accordingly, no such
  opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Report on Summarized Comparative Information**

We have previously audited the Organization's June 30, 2023 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated September 27, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2023, is consistent, in all material respects, with the audited financial statements from which it has been derived.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 27, 2024, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Kahn, Litwin, Renya & Co. Ltd.

## (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

## 1. Nature of Operations

The Organization was created in 1957 as the University of Rhode Island Foundation (the Foundation) to serve as an independent charitable corporation for the purpose of soliciting support from private sources through fundraising activities for the University of Rhode Island (URI or the University) and is responsible for managing and administering assets donated to the Foundation for the use and benefit of the University. The Organization's financial statements are included in the financial statements of the University.

Effective July 1, 2019, the Foundation merged with the University of Rhode Island Alumni Association (the Alumni Association). The University of Rhode Island Foundation, the surviving entity of the merger, changed its name to The University of Rhode Island Foundation & Alumni Engagement (URIFAE) (the Organization), to better reflect the combined activities of the new organization.

## 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Organization is presented to assist in understanding the Organization's financial statements. The financial statements and notes are representations of the Organization's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

#### Financial Statement Presentation

The Organization prepares its financial statements on the accrual basis of accounting and, in accordance with authoritative guidance, reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

### Net Assets without Donor Restrictions (Notes 9 & 10)

Net assets without donor restrictions are available for use at the discretion of the Board of Directors (the Board) and/or management for general operating purposes. From time to time, the Board designates a portion of these net assets for specific purposes which make them unavailable for use at management's discretion.

## Net Assets with Donor Restrictions (Notes 9 & 10)

Net assets with donor restrictions consist of assets whose use is limited by donor-imposed time and/or purpose restrictions. Other imposed restrictions are perpetual in nature where the donor stipulates that resources be maintained in perpetuity.

Donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

## (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

## Cash and Cash Equivalents

The Organization considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

## Accounts and Pledges Receivable

The Organization carries its accounts receivable at net realizable value. Accounts receivable are stated at the amount management expects to collect from outstanding balances. At June 30, 2024, principally all of accounts receivable consists of a loan to URI Athletics (see Note 13). Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of the estimated future cash flows of the promises to give. Management provides for expected credit losses through a charge to earnings and a credit to a valuation allowanced based on historical experience, current conditions, and reasonable and supportable forecasts.

A receivable is considered past due if payment has not been received within stated terms. Once all practical resources to collect the receivable have been utilized without success, the receivable is deemed uncollectible and charged against the allowance for credit losses. As of June 30, 2024, the Organization had an allowance for credit losses of approximately \$657,000 for unconditional promises to give. As of June 30, 2024, no allowance for credit losses was reported against the Organization's accounts receivable as the Organization determined it to be nominal in amount. The Organization does not accrue interest on past due or long-term receivables.

#### Investments

Investments in marketable equity securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Interest and dividends, net of investment consulting and management fees, are reported as investment income.

### Building, Equipment, Furniture and Fixtures

Building, equipment, furniture, and fixtures are recorded at cost except for donated property and equipment, which is capitalized at its fair market value at the date of donation. Renewals and betterments in excess of \$5,000 that materially extend the life of the assets are capitalized.

## (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets as follows:

Building and building improvements

Furniture and fixtures

Equipment

39 years
7-10 years
5-7 years

## Intangible Assets

Intangible assets consist of website development costs. The Organization capitalizes certain website development costs in connection with developing the interface. These costs include contracted fees paid to a third party for the development. Capitalized website development costs are amortized on a straight-line basis over five years based on the estimated useful life of the interface.

## Revenue Recognition

Contributions received are recorded as without donor restrictions or with donor restrictions depending on the existence and nature of donor restrictions. Contributions may include actual gifts or promises to give. Such contributions are considered to be available for general operating purposes unless specifically restricted by the donor or grantor. Contributions of assets other than cash are recorded at their fair value on the date of the gift. Contributions of equity securities are converted to cash in a timely manner, in order to avoid any market fluctuations.

Miscellaneous receipts are recorded when goods and services are received. In addition, revenue received through alumni engagement activities is recorded as miscellaneous receipts when received.

URI development reimbursements are recorded when funds are received directly from the University for fundraising expenses paid on their behalf.

Contributed nonfinancial assets are recorded at their fair values in the period received. Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets, or (b) require specialized skills, are performed by people with those skills and would otherwise be purchased by the Organization.

## Concentrations of Risk

Financial instruments which potentially subject the Organization to concentrations of credit and market risk are cash and cash equivalents, receivables and investments. The Organization maintains its cash balances in several financial institutions. The balance at each institution is insured by the Federal Deposit Insurance Corporation up to \$250,000. The Organization's cash balances exceed this limit. Cash balances in excess of \$250,000 are generally uninsured. Management is aware of this potential loss exposure and has adopted a practice of depositing funds only with highly capitalized financial institutions.

## (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

Concentration of credit risk with respect to pledges receivable is generally limited due to the large number of donors comprising the Organization's donor base and their dispersion across different geographic areas. However, as of June 30, 2024, approximately 25% of the Organization's pledges receivable was from one individual. This individual has historically made all pledge payments according to terms and, therefore, management does not believe an allowance is necessary as a result of this concentration.

Investments in securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in values of investment securities could occur in the near term and that such changes could materially affect investment balances and activity included in the financial statements. At year end, management does not believe that significant concentrations of market risk exist as the Organization's investment portfolio is highly diversified (Note 5).

### Income Tax Status

The Organization is exempt from income taxes as a public charity under Section 501(c)(3) of the Internal Revenue Code. Management believes that the Organization operates in a manner consistent with its tax-exempt status at both the state and federal level.

The Organization annually files IRS Form 990, Return of Organization Exempt From Income Tax, reporting various information that the IRS uses to monitor the activities of tax-exempt entities. The Organization also annually files IRS Form 990-T, Exempt Organization's Business Income Tax Return, for all of its foreign investment disclosure requirements. The Organization currently has no tax examinations in progress.

### Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### Functional Allocation of Expenses

The costs of providing various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated in a systematic and rational manner among the programs and supporting services benefited based on management's estimates. Expenses are categorized as program services and management and general on a direct identification basis where practical and on a percentage allocation basis based on management's judgment.

## (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

## Summarized Financial Information

The accompanying financial statements include certain prior year summarized comparative information in total but not by net asset classification and without accompanying note disclosures and certain functional expense information. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements and related notes to the financial statements for the year ended June 30, 2023, from which the summarized information was derived.

## 3. Liquidity and Availability

Financial assets available for program and general expenditures, that are, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

Financial assets:	
Cash and cash equivalents	\$ 24,156,857
Accounts receivable	488,185
Pledges receivable	10,765,865
Investments	282,622,782
Financial assets at June 30, 2024	318,033,689
Less those unavailable for general expenditure within one year, due to:	
Time restrictions (Note 13)	470,000
Available for University support	48,100,985
Investments in board designated endowments and accumulated	
appreciation	1,044,703
Funds acting as endowments	57,869,633
Appreciation on endowments	54,591,769
Restricted in perpetuity	139,125,523
	301,202,613
Financial assets available to meet cash needs for general expenditures	Ф 16 021 076
within one year	\$ 16,831,076

In addition, the Organization manages its liquidity through a robust cash and investment process that serves to provide sufficient funds for program and general expenditures in meeting its liabilities and other obligations as they come due. Actual performance is monitored monthly and adjustments are made as needed to ensure adequate liquidity.

## (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

## 4. Pledges Receivable

Promised contributions are due as follows:

Within one year	\$ 7,933,776
One to five years	3,946,520 11,880,296
Less: allowance for uncollectible pledges	657,373
Less: present value component	457,058
Pledges receivable, net	\$ 10,765,865

The present value of pledges receivable has been calculated using an interest rate of 4.33%, which approximates the Federal Reserve five-year Treasury bill rate.

Promised contributions as of June 30, 2024 have been restricted for the following purposes:

Donor restricted by purpose	\$ 8,720,711
Donor restricted in perpetuity	2,045,154
Total pledges receivable, net	\$ 10,765,865

### 5. Investments and Fair Value Measurements

Authoritative guidance relating to fair value establishes a framework for measuring fair value and a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by authoritative guidance, are used to measure fair value.

## (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Organization has the ability to access.

Level 2 inputs (other than quoted prices included within level 1) are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable and significant to the fair value measurement. The unobservable inputs are developed based on the best information available in the circumstances and may include the Organization's own data.

The Organization reports investments at fair value on a recurring basis. These investments are classified as levels 1, 2, respectively, within the fair value hierarchy, as follows:

Level 1 investments owned by the Organization and listed on a national securities exchange are valued at the last recorded sales price as of the financial statement reporting date or, in the absence of recorded sales, at the last quoted bid price reported as of the financial statement reporting date.

Level 2 investment values are determined by obtaining non-binding market prices from the Organization's third-party portfolio managers as of the financial statement reporting date. These investments are less actively traded in the market, but quoted market prices exist for similar instruments that are actively traded. Certain level 2 investments are redeemable at the net asset value (NAV) reported by the portfolio managers; therefore, NAV was employed to estimate fair value.

The Organization's interests in alternative investment funds are generally reported at net asset value (NAV) reported by the fund managers, which is used as a practical expedient to estimate the fair value of the Organization's interest therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. Such valuations are determined by fund managers and generally consider variables such as operating results, comparable earnings multiples, projected cash flows, recent sales prices, and other pertinent information and may reflect discounts for the illiquid nature of certain investments held. As of June 30, 2024, the Organization had no plans or intentions to sell investments at amounts that differ from NAV.

The Organization reports the investments' net realized and unrealized gains and losses, net of related expenses, at each reporting date in the Organization's statement of activities as a component of investment return in the appropriate net asset category. Dividends are recorded on the ex-dividend date and interest is recorded on the accrual basis of accounting. Purchases and sales of securities are recorded on the trade date.

# THE UNIVERSITY OF RHODE ISLAND FOUNDATION & ALUMNI ENGAGEMENT (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

The following table summarizes the Organization's investments as of June 30, 2024, aggregated by the fair value hierarchy level (if applicable) within which those measurements were made:

	Quoted Prices in Active Markets for Identical Assets (Level 1)		Significant Other Observable Inputs (Level 2)	Total		
Total assets in the fair value hierarchy	\$	39,455,308	\$ 84,959,237	\$ 124,414,545		
Measured at NAV				 158,208,237		
Total investments at fair value				\$ 282,622,782		

The cost and fair values of investments at June 30, 2024 consist of the following:

					Gross
		Fair		U	Inrealized
	 Cost	Value	<u> </u>	Gai	ns (Losses)
Level 1			_		
Common stock:					
U.S. Holdings	\$ 14,359,682	\$ 27,353	3,773	\$	12,994,091
U.S. Equity Securities	2,625,514	2,789	,827		164,313
Foreign Equity Securities	 8,263,925	9,311	,708		1,047,783
	10,889,439	12,101	,535		1,212,096

Multi-Strategy/Other	 9,858,965	8,083	,158		(1,775,807)
	 72,663,293	67,637	7,989		(5,025,304)

# THE UNIVERSITY OF RHODE ISLAND FOUNDATION & ALUMNI ENGAGEMENT (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

<u>Level 2 (continued)</u>			
Equity Securities:			
Domestic Equity Funds	7,071,721	9,350,542	2,278,821
Foreign Equity Funds	6,073,107	7,916,443	1,843,336
	13,144,828	17,266,985	4,122,157
Real Assets	65,633	54,263	(11,370)
Total level 2	85,873,754	84,959,237	(914,517)
Total in fair value hierarchy	111,122,875	124,414,545	13,291,670
Measured at NAV			
Domestic Equity Funds	8,156,271	41,441,141	33,284,870
Foreign Equity Funds	30,528,741	37,322,183	6,793,442
Private Equity/Venture Capital			
Funds	23,427,543	27,762,546	4,335,003
Hedge Funds	38,821,244	51,682,367	12,861,123
Total measured at NAV	100,933,799	158,208,237	57,274,438
Total investments	\$ 212,056,674	\$ 282,622,782	\$ 70,566,108

Authoritative guidance requires that any NAV-measured investment excluded from the fair value hierarchy table be summarized as an adjustment to the table so that total investments can be reconciled to the statement of financial position.

Total net investment income for the year ended June 30, 2024 consisted of:

Interest and dividends	\$ 4,918,161
Net gain on sale of investments	1,680,559
Net unrealized gain on investments	24,275,303
Annuity payments	(459,234)
Investment consulting and management fees	 (2,258,397)
Total net investment income	\$ 28,156,392

## THE UNIVERSITY OF RHODE ISLAND FOUNDATION & ALUMNI ENGAGEMENT (A Component Unit of the University of Rhode Island)

## NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

The Organization's investment portfolio is managed pursuant to investment guidelines established by the Board. Cambridge Associates provides accounting and custodial services for the underlying investments. The investment portfolio includes alternative investments, which consist of interest in various funds that are managed externally by individual domestic and offshore investment managers who trade and invest in various assets, including equities, bonds, options, swaps and equity derivatives, real estate, commodities and distressed debt. These funds invest globally in companies that may or may not be publicly traded.

As of June 30, 2024, the estimated value of certain alternative investments is based on unaudited information provided by the external investment managers. Because alternative investments are not readily marketable, their estimated value is subject to uncertainty and therefore, may differ from the value that would have been used had a ready market for such investments existed. Such difference could be material.

Certain alternative investments have limited liquidity with lock-up periods allowing withdrawals daily, monthly, quarterly, or semi-annually with 0 to 95 days prior notice required, as defined in the agreements. Certain managers of the Organization's investment reserve rights to alter lock-up periods with notice to the Organization. If the Organization were to initiate a redemption of certain investments within each investment strategy, the investment advisor reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities liquidations will be carried out in an orderly business manner.

A summary of the significant categories of investments utilizing the NAV practical expedient and their attributes at June 30, 2024 is as follows:

Asset Class	Investment	Fair Value Determined Using NAV	Redemption Frequency	Redemption Notice Period
Asset Class	mvesument	Using NA v	Trequency	Notice Ferrou
Domestic Equities	U.S. Equity Funds	\$ 41,441,141	Bi-monthly - Annually	1-60 Days
Foreign Equities	Foreign Equity Funds	37,322,183	Bi-monthly - Annually	1-60 Days
Private Equity	Venture Capital and Growth-Related Private Equity Funds	27,762,546	None	None
Hedge Funds	Hedge Funds	51,682,367	Monthly - 3 Years	5-95 Days
Total		\$158,208,237		

## KLR

## THE UNIVERSITY OF RHODE ISLAND FOUNDATION & ALUMNI ENGAGEMENT

## (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

Descriptions follow for each of the investments set forth in the table above:

## **U.S. Equity Funds**

The Organization's investments include interests in three commingled funds. These funds hold positions of publicly traded United States based common equities.

### **Foreign Equity Funds**

The Organization's investments include interests in five commingled funds that hold stock in publicly traded foreign market equities.

### Private Equity/Venture Capital Funds

The Organization's investments include interests in twenty-five venture capital and growth-related private equity funds, direct investments into start-up and development stage companies, and all activity related thereto. These investments require an initial capital commitment but are funded over time with ongoing capital calls (unfixed intervals) that typically take several years to fulfill. Unfunded commitments as of June 30, 2024 are approximately \$22,669,900.

## **Hedge Funds**

The Organization's investments include interests in fourteen hedge funds which invest in a variety of assets with complex portfolio construction.

## 6. Building, Equipment, Furniture and Fixtures

Building, equipment, furniture and fixtures consisted of the following:

Building and building improvements		2,964,577
Equipment, furniture and fixtures		448,046
		3,412,623
Less accumulated depreciation		1,783,827
Building, equipment, furniture and fixtures, net	\$	1,628,796

Depreciation expense for the year ended June 30, 2024 was approximately \$115,700.

## 7. Intangible Assets

Intangible assets consisted of the following:

Website development costs	\$ 114,732
Less accumulated amortization	 36,331
	_
Intangible assets, net	\$ 78,401

# THE UNIVERSITY OF RHODE ISLAND FOUNDATION & ALUMNI ENGAGEMENT (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

Amortization expense for the year ended June 30, 2024 was approximately \$22,900.

### 8. Funds Held in Annuities and Unitrusts

Included in net assets with donor restrictions are annuities with a fair market value of approximately \$2,943,900, of which the University is the beneficiary. The earnings on these annuities are distributed to the annuitants in accordance with the respective annuities' payment terms, as stated in the agreements. The gift annuity payable is approximately \$1,489,400 at June 30, 2024, which will be disbursed over the annuitants' and/or designated beneficiaries' lifetimes.

In addition, the Organization received funds which were previously controlled by independent trustees in unitrusts, as the trust restrictions were satisfied during the year ended June 30, 2024. The funds received totaled approximately \$190,800.

## 9. Net Assets with Donor Restrictions by Purpose

Net assets with donor restrictions by purpose consist of funds for general program needs and restricted endowments, which include appreciation and inflation (Note 10). These assets are held by the Organization on behalf of the University with the following donor-imposed restrictions:

	Available for		Appreciation	
	University	Funds Acting as	on	
	Support	Endowments	Endowments	Total

## KLR

## THE UNIVERSITY OF RHODE ISLAND FOUNDATION & ALUMNI ENGAGEMENT

## (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

### 10. Endowment

The endowments primarily include donor-restricted endowment funds, but also include a portion of funds designated by the Organization's Board to function as an endowment.

Rhode Island UPMIFA requires prudent management of the fair value of the original gifts as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. The net assets are classified with donor restrictions; restricted in perpetuity a) the original value of gifts donated to the permanent endowments, b) the original value of subsequent gifts to the permanent endowment, and c) accumulations to the permanent endowment made in accordance with the direction of the Board and/or applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as net assets with donor restrictions; restricted in perpetuity is classified within net assets with donor restrictions by purpose until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence by Rhode Island UPMIFA. In accordance with Rhode Island UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- o The duration and preservation of the Endowment Fund,
- o The purposes of the Organization and the Endowment Fund,
- o General economic conditions,
- o The possible effect of inflation or deflation,
- o The expected total return from income and the appreciation of investments,
- Other resources of the Organization, and
- o The investment policy of the Organization.

The endowment of the Organization is composed of four separately held and invested components: a General Endowment Fund, an endowment for the College of Pharmacy and two donor-restricted funds. The donor-specified endowment funds are to provide scholarships through Enrollment Services and to benefit the College of Health Sciences.

The General Endowment Fund (GEF) is made up of over 1,200 individually named endowment funds pooled together for investment purposes. The mechanics of the GEF are similar to those of mutual funds. Each individual named endowment purchases and owns units in the pool based on the gift value and the unit value on the date the gift is received. As each month ends, the market value of the GEF determines the new unit value. The GEF holds the vast majority of gifts received by the Organization through the years with a historic dollar value and fair market value at June 30, 2024 of approximately \$180,495,600 and \$233,565,400, respectively.

# THE UNIVERSITY OF RHODE ISLAND FOUNDATION & ALUMNI ENGAGEMENT (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

The endowment for the College of Pharmacy was established by the General Assembly of the State of Rhode Island at its January session in 1958 and approved on May 9, 1958 with a historic dollar value and fair market value at June 30, 2024 of approximately \$145,200 and \$1,289,100, respectively.

At June 30, 2024, the two donor-restricted endowment funds held in separate financial institutions have historic dollar values of approximately \$6,400,000 and \$1,950,000 and fair market values of approximately \$7,034,100 and \$2,790,000, respectively.

The Organization adopted an investment policy for endowments with a long-term investment objective to maintain and grow its purchasing power through earnings, net of fees, with average annual compound returns equal to or greater than the spending rate plus inflation of the endowment assets.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or Rhode Island UPMIFA requires the Organization to retain as a fund of perpetual donation (underwater endowments). The Organization has interpreted Rhode Island UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. There were no deficiencies at June 30, 2024.

The Organization's spending rate for the fiscal year ended June 30, 2024 was 5.05%, calculated on a prior 12-quarter rolling average market value of the investment portfolio. The spending rate will be 5.05% for the fiscal year ending June 30, 2025. These rates incorporate both the University distribution and the Organization's advancement fee.

## (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

## 11. Miscellaneous Receipts

Miscellaneous receipts for the year ended June 30, 2024 consisted of funds received for activities across University departments totaling approximately \$1,076,100.

#### 12. Retirement Plans

The Organization maintains The University of Rhode Island Foundation and Alumni Engagement Defined Contribution Retirement Plan under Section 403(b) of the Internal Revenue Code. The Plan requires contributions of 5% of eligible employees' compensation with matching contributions of 9% by the Organization. Total contributions by the Organization under the Plan were approximately \$611,200 for the year ended June 30, 2024, which is included in foundation management expenses in the accompanying statement of activities.

Effective January 1, 2019, the Organization adopted the University of Rhode Island Foundation 457(b) Plan under Section 457(b) of the Internal Revenue Code of 1986. The approximate amount of employee deferrals for the year ended June 30, 2024 was \$5,400. The Organization contributed approximately \$4,800 during the year ended June 30, 2024.

## 13. Commitments and Contingencies

## **Operating Leases**

The Organization leases two copy machines under operating leases expiring through December 2025.

Total approximate minimum operating lease payments are as follows:

Year Ending	
June 30, 2025 June 30, 2026	\$ 1,700 800
Total	\$ 2,500

Since the lease payments are not considered material, authoritative guidance relating to lease accounting has not been applied.

## (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

### **URI Research Foundation**

The Organization has served as the designated agent on behalf of the RI Board of Governors for Higher Education (RI BOG) (now referred to as the Council on Postsecondary Education) since January 21, 1982, to manage all patents and intellectual property for the University of Rhode Island. During the 2007 legislative session, the General Assembly for the State of Rhode Island enacted RI general laws § 16-32.1-1 and established the University of Rhode Island Research Foundation (URI Research Foundation) as a separate and distinct public corporation for the purposes of serving as the sole and exclusive agent of the RI BOG in managing all patents and intellectual property made available to the University of Rhode Island. The RI BOG subsequently confirmed this agency designation by adopting a formal resolution on January 28, 2008. During 2017, the Organization and the URI Research Foundation met to determine the ownership and presentation of these assets. As a result, it has been determined that all funds currently held by the Organization on behalf of the URI Research Foundation are the assets of the URI Research Foundation. The recognition of this obligation is reflected in the accompanying financial statements as a liability in the amount of approximately \$956,200. The Organization continues to hold and invest the funds on behalf of the URI Research Foundation while remaining under obligation to make the funds available upon request. In addition, the Organization entered into a Securities Account Control Agreement dated August 4, 2021 by and among the Organization, the URI Research Foundation and Bank Rhode Island in which the Organization agreed to serve as a "Securities Intermediary" (as custodian of these funds) in the event of a default as part of a debt security interest granted by the URI Research Foundation to Bank Rhode Island.

### Legal Proceedings

The Organization is from time to time subject to legal proceedings and claims that arise in the course of carrying out the Organization's mission. In the opinion of management, the amount of ultimate liability with respect to actions outstanding as of June 30, 2024 will not have a material adverse effect on the Organization's financial position or its results of operations.

## Bridge Loan

On January 27, 2022, the Organization's Executive Committee voted to approve a \$500,000 bridge loan to assist URI Athletics in completing renovations for a new basketball training facility, the funds were disbursed in May 2023. The purpose of the loan is to expedite renovations by providing immediate cash flow in anticipation of future (new and existing) documented pledge payments which are expected to continue until June 30, 2026. At June 30, 2024 the total remaining balance of the bridge loan of \$470,000 is included in accounts receivable on the accompanying statement of financial position.

## THE UNIVERSITY OF RHODE ISLAND FOUNDATION & ALUMNI ENGAGEMENT (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS

Year Ended June 30, 2024

## 14. Related Party Agreements

## Contributions to University of Rhode Island

The Organization, at the direction of its donors, makes payments on behalf of or directly to the University. Such amounts are classified as Contributions to University of Rhode Island on the statement of activities. The primary sources of Organization funds available to the University for immediate expenditure include charitable gifts, charitable grants and spending allocations from the accumulated investment earnings of individual endowment funds. The Organization disbursed \$17,758,493 in support of the University in accordance with the donated purpose for the year ended June 30, 2024. Fluctuations in spending from year to year are driven by the current needs of the University. The Organization has recorded a liability to the University of approximately \$2,829,300 for amounts due related to these contributions.

## Lease Agreement

The Organization has a ground lease agreement with the University for the land on which its facility is located. In January 2022, the University amended the lease, extending the term for an additional 10 years. The lease provides for annual payments of \$1 for 10 years ending February 2032. In addition, the University agrees to use its best efforts to grant the Organization additional 10-year option periods. Upon termination of the lease, the Organization shall transfer all of its rights, title, interest and ownership of the facility to the University. Due to the immaterial effect on the financial statements, the Organization has not applied authoritative guidance related to lease accounting to this operating lease.

The Organization rents additional office and storage space from the University under operating leases on a tenant-at-will basis. Approximately \$37,100 in lease expense for the space has been recorded in the accompanying statement of activities for the year ended June 30, 2024.

## **University Support**

The University provides various services and other items to the Organization, which are reported as contributed nonfinancial assets in the accompanying statement of activities with a corresponding expense. Such contributed nonfinancial assets are recorded at their estimated fair value, based on the values determined by the University on the date of donation.

## (A Component Unit of the University of Rhode Island) NOTES TO THE FINANCIAL STATEMENTS Year Ended June 30, 2024

A summary of amounts received from the University is as follows:

Personnel	\$	274,503
Events		101,111
Rent		82,000
Student help		63,523
Printing costs		15,128
Postage		9,820
Dues and subscriptions		7,774
Telephone		6,099
Office supplies and equipment		5,549
Repairs and maintenance		2,675
Total contributed nonfinancial assets	\$	568,182

### 15. Subsequent Events

During August 2024, the Organization filed articles of organization with the Rhode Island Secretary of State's Office to establish a Limited Liability Company for the purpose of acquiring real estate located near the University's Kingston, RI campus. A Purchase and Sales Agreement was executed on August 29, 2024 to purchase the subject property for \$612,000 and the transaction is expected to close by October 15, 2024. An earnest deposit of \$30,600 was also placed in escrow on August 30, 2024.

Pending approval by the University of Rhode Island's Board of Trustees and the Rhode Island State Properties Committee, the University will purchase the property from the LLC by June 30, 2025 in an amount equal to acquisition and carrying costs.

The University was previously named as one of several parties in an ongoing legal matter surrounding a large bequest. As of June 30, 2024, a settlement agreement was reached among all parties and it is expected that the agreement will be finalized and net proceeds will be transferred to and managed by the Organization during the year ended June 30, 2025. Because the final amount of the expected bequest has not been determined as of the date of these financial statements, a receivable was not recorded. However, management believes that the bequest is likely to have a material impact on the Organization's financial statements going forward and has opted to disclose this information.

Management has evaluated subsequent events through September 27, 2024, which is the date these financial statements were available to be issued.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of The University of Rhode Island Foundation & Alumni Engagement:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of The University of Rhode Island Foundation & Alumni Engagement (a component unit of the University of Rhode Island) (the Organization), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 27, 2024.

## Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (Continued)

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
